## Elsevier: возможности для СВФУ

10-11 сентября 2015 г. с рабочим визитом университет посетили региональные представители издательства Elsevier Евгений Крюков и Андрей Локтев. На встрече с ректором обсудили вопросы сотрудничества с издательством Elsevier, возможность неограниченной подписки на полнотекстовый ресурс ScienceDirect по льготным ценам (50% скидка от стандартной цены) с учетом текущей статистики востребованности по предметным направлениям. Ранее в совместном обсуждении мы договорились о возможном сотрудничестве с компанией Elsevier для повышения публикационной активности университета, оказания консультационной помощи в индексации журналов издательства СВФУ, в том числе для их последующего размещения на глобальной платформе ScienceDirect, рассмотрены вопросы совершенствования издательской деятельности и увеличения видимости научно-образовательной деятельности университета на российской и международной арене.

### *Справка*

**Elsevier** — один из четырёх крупнейших издательских домов мира, который ежегодно выпускает около четверти всех статей из издаваемых в мире [научных журналов](#). Основан в [1880 году](#) в [Амстердаме \(Нидерланды\)](#), имеет филиалы в Великобритании, США, Бразилии и других странах. Своим названием обязан старинному издательскому дому [Эльзевиров](#), закрывшемуся в 1710-х, хотя они напрямую не связаны. Elsevier издает более 2000 научных журналов, содержащих около 250 тысяч статей в год.

Elsevier предоставляет доступ к архивам научных статей для примерно 4500 организаций и университетов из 180 стран мира. Подписчиками продуктов компании ELSEVIER являются научно-исследовательские центры по всему миру (университеты, библиотеки, министерства и ведомства), а также частные корпорации [Европы](#), [Америки](#) и [Азии](#). Более 30 миллионов [учёных](#), [студентов](#), специалистов различных отраслей получают доступ к информации издательства. В год производится более 240 миллионов загрузок статей.
